Mr. Dembroski:

Please see the responses to your questions below:

- Tariff Sheet 27: There is no mention of intervals, I also looked in Section 300 (Rates) and did not see any intervals for residential or commercial pick up. I checked Tariff Sheets, 38-43 and was unable to find them

Response: Our rates are per service and billed accordingly as the number service days for each month fluctuates depending on number of weeks in the month and each customers service day. Intervals range from seven days per week to once per month.

- Tariff Sheet 45: Section 300 Rates. The pricing for 1-3 cans at \$7.76 per service , is that per can or is it if the customer has 1-3 cans it is a total of \$7.76 no matter the can amount if it is between 1-2 total. The same question for 4-6 cans at a rate of \$12.65

Response: It's the same price no matter the can amount between 1-3 or 4-6. The only per can rate we have are the 96 gallon roll carts.

- Tariff Sheet 47: Section 300 Rates. The pricing for 1-3 cans at \$7.76 per service , is that per can or is it if the customer has 1-3 cans it is a total of \$7.76 no matter the can amount if it is between 1-2 total. The same question for 4-6 cans at a rate of \$12.65

Response: Same as above.

- Tariff Sheet 53: Section 400 Surcharges. Regulatory Cost Charge is missing, the RCC charge is .592% and should be listed here

Response: It was left blank due to the RCC charge being unknown at the time of filling. The corrected sheet is attached.

Application Questions

- Page 5: There is no data in the Summary of Officer's/Owners Compensation.

Response: Officer/owner wages are in the admin wages instead of Retained Earnings because there was only a place for current year, and it threw off the prior year comparison to include it also on Page 5.

- Page 6: General Information Update: lists only Lloyd Moore as the point of contact yet page 4 of the application lists Lloyd Moore Jr as Vice President.

Response: Lloyd Moore is the primary point of contact for Quick Sanitation. Lloyd Moore Jr is the Vice President, and if required to be included his contact number is 907-399-1982

- Page 13: Under the subheading: Number of Employees there is no data

Response: There are four (4) full-time employees and two (2) part time employees

- Page 14: Under subheading: Detail of Other Current and Accrued Assets there is no data

Response: The rolling equipment and containers are accounted for on page 12 under Rolling Equipment and Containers. There are no "Other Current or Accrued Assets"

- Page 15: Under subheading: Remeneration of Proprietors, Partners, Stockholder and Officers, both Lloyd Moore (100%) & Lloyd Moore Jr (no percentage) are listed. We are a bit confused as to why Lloyd Moore Jr is listed but no data is present to support him in the application.

Response: Lloyd Moore Jr is listed as he is an officer, but he does not hold any stock in the company.

Also "Remeneration" is not a word in the Websters Dictionary I believe the word is spelled remuneration. We assume that is just a typo.

Response: "Remeneration" is directly from the form available from the RCA for the AOR for Refuse utilities" and while we also agree that it is not a word and likely intended to be "remuneration" we elected to not modify the template heading from the RCA's document.

Regards,
